To Prof Arpan Bhardwaj
Vikram University
Ujjain, Madhya Pradesh,456010

Subject: Request for Legal Approval to Establish "Code_d_Code" as a Semi-Autonomous Coding Society

Dear Prof. Arpan Bhardwaj,

We are writing to formally request the legal establishment and recognition of "Code_d_Code" as the official and exclusive coding society of Vikram University. This society is designed to foster innovation, collaboration, and technical excellence among students. Below, we outline the key points and terms related to the approval of the society:

Details of Establishment and Governance

1. **Semi-Autonomous Status:**

   o "Code_d_Code" will function as a semi-autonomous body within Vikram University, with its governance and operations overseen by its executive committee and founding members in consultation with the university administration.

2. **Exclusivity Clause:**

   o "Code_d_Code" will be the **sole official coding society** of Vikram University. No additional coding societies will be established or recognized at the university level.

   o Individual department-level coding clubs can be established but must operate **under the guidance and umbrella of CodedCode.**

3. **Intellectual Property Protection:**

   o The name and logo of "Code_d_Code" are the exclusive intellectual property of the society.

   o No individual, group, or organization may use the name "Code_d_Code" or its logo without prior written approval from the society's executive body.

   o All rights to the name, logo, and branding are reserved by "Code_d_Code" and will be protected under applicable intellectual property laws.

4. **Integration and Oversight:**

   o "Code_d_Code" will integrate existing departmental clubs under its governance to create a unified and collaborative coding community across the university.

   o The society will host university-wide events, workshops, and hackathons to enhance students' technical and professional skills.

5. **Purpose and Vision:**

- "Code_d_Code" aims to cultivate a culture of innovation and technical growth among students by organizing events, training sessions, and mentorship opportunities.

  ○ It will serve as the central platform for students to collaborate on projects, gain exposure to industry trends, and connect with professionals.

Request for Approval

We kindly request your approval to:

1. Officially establish "Code_d_Code" as the sole university-level coding society.

2. Legally protect its name, logo, and branding under university regulations.

3. Mandate that no additional coding societies can be created at the university level, except for department-specific coding clubs operating under "Code_d_Code".

Founding Members and Initial Governance0

The society has been conceptualized and organized by the following founding members:

- Abhinav Pandey, President

- Saurabh Yadav, Vice President

- Sonu Kumar, Vice President

- Anshika Mishra, Representative

- Janmejay Solanki, Secretary and Treasurer

- Sachin, Public Relation Officer Head

Supporting Documents

We have attached the following supporting documents for your reference:

- Society Charter and Articles of Association.

- Proposed bylaws and governance structure.

- Initial budget and financial plan.

- Logo and branding details.

- Proposed calendar of events for the first academic year.

We are confident that the establishment of "Code_d_Code" will significantly enhance the university's reputation in technical and professional education. It will also provide students with a platform to develop industry-relevant skills and collaborate on meaningful projects.

We kindly request your approval and support for this initiative. Should you require any additional information or clarification, please do not hesitate to contact us.

Thank you for your consideration and support.

Yours sincerely,

andey
